Something to Report?

if you
see it, say it
with report it®

Voter Fraud can be found throughout your community. It takes the form of coercion of voters, bribery of the homeless, professional ballot 'harvesters' taking advantage of the elderly and the infirm - often in convalescent facilities, group homes or senior housing. On election day untrained or corrupt officials may not verify IDs or hide ballots in a back room. Some people have been caught taking advantage of shift changes to vote multiple times in person and/or via absentee ballot. The creativity of those who don't respect the integrity of elections is staggering.

We have now empowered you to say something, if you see something when you witness voter fraud. Fight Voter Fraud, Inc. provides you three quick ways to report these crimes. All reports can be anonymous.
